Financial Support for the Erasmus+ Staff

The financial support includes an **individual grant** and a **travel grant.**

Individual Grant
The individual grant depends on the duration of the mobility:

- From day 5 to day 14 – the daily rate is **140 EUR per day**;
- From day 15 to day 60 – the daily rate is **98 EUR per day**.

Travel Grant
All participants are entitled to travel support based on the distance to their destination. They may receive a higher amount of support if they use **green travel options**, such as trains, buses, bicycles, or carpooling.

The amount of travel support depends on the distance to the destination and whether a green travel option is used (see the table below).

Distance	Unit cost (includes the return journey!)	Green travel (includes the return journey!)
10 – 99 km	28 €	56 €
100 – 499 km	211 €	285 €
500 – 1 999 km	309 €	417 €
2 000 – 2 999 km	395 €	535 €
3 000 – 3 999 km	580 €	785 €
4 000 – 7 999 km	1188 €	1188 €
8 000 km ili više	1735 €	1735 €

Green travel is a travel in which low-emission means of transport are used for **most of the journey** (more than half of the total distance of the return trip, in kilometres). Low-emission means of transport includes:

- Train
- Bus
- Carpooling (sharing a vehicle)
- Bicycle

Note that the following **is not a carpooling**:

- Family members or friends drive the participant to the mobility destination solely for this purpose, with no other personal or professional reason for making the journey;
- Only one participant travels by car.

Examples of carpooling:

- Two or more participants travel together in one car to the mobility destination;
- The participant uses BlaBlaCar or other carpooling platforms;
- The participant travels with someone who is making the same journey for personal or professional reasons, independently of the participant's mobility.

Important note: All participants who choose a **green travel option** must complete the **Green Travel Statement** and submit it to the International Cooperation Office, together with **supporting documents** confirming their travel method. These may include bus or train tickets, fuel receipts in the case of carpooling, or other relevant proof of travel.
